

Sophono® Highlights Guide

# More Gain Than Ever

45 dB  
feedback-free  
gain

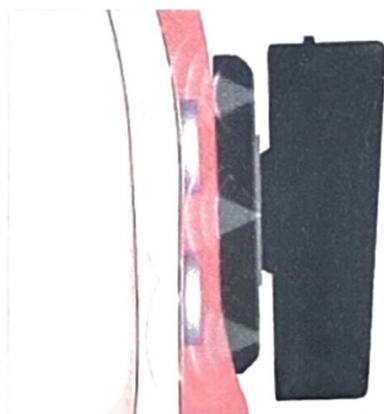

7 dB more than  
the competition

\*Acoustic-mechanical gain at 1.8 kHz and 80 dB SPL, averaged to 45 dB (1 kHz & 2 kHz). Alpha 2 MPO Output more than 105 dB SPL.

## Alpha 2 MPO Provides Improved Performance

The new Alpha 2 MPO system provides the highest functional gain, accompanied by outstanding sound quality. Your patients now experience 45 dB acoustic-mechanical gain, an increase of 16 dB.

## The Future is Magnetic

The world of bone conduction is revolutionized with Sophono's magnetic solution. We lead the pack with 7 dB more gain than our competitors can offer.

Every day more and more doctors and patients are choosing transcutaneous magnetics over abutments.

The magnetic future has arrived.
